3. Delivered to the Jackson Subcommittee on Policy Making Machinery the black and white charts for use in the study on Soviet policy machinery. Also picked up a confidential memorandum from Senator Jackson

25X1

4. In response to a call from a Mr. Litchey, NASA Security Office, to [redacted] a call was made to Mr. Gleason, their legislative liaison officer. Gleason was advised that regarding Litchey's request we had no objection to one or two high level administrators sitting in on our briefing of the House Science and Astronautics Committee if it was all right with Chairman Brooks. Gleason said he doubted that NASA would ask for this.
